1-The line graph below shows changes in the amount and type of fast food consumed by Australian teenagers from 1975 to 2000.

Summarize the information by selecting and reporting the main features and make comparisons where relevant.
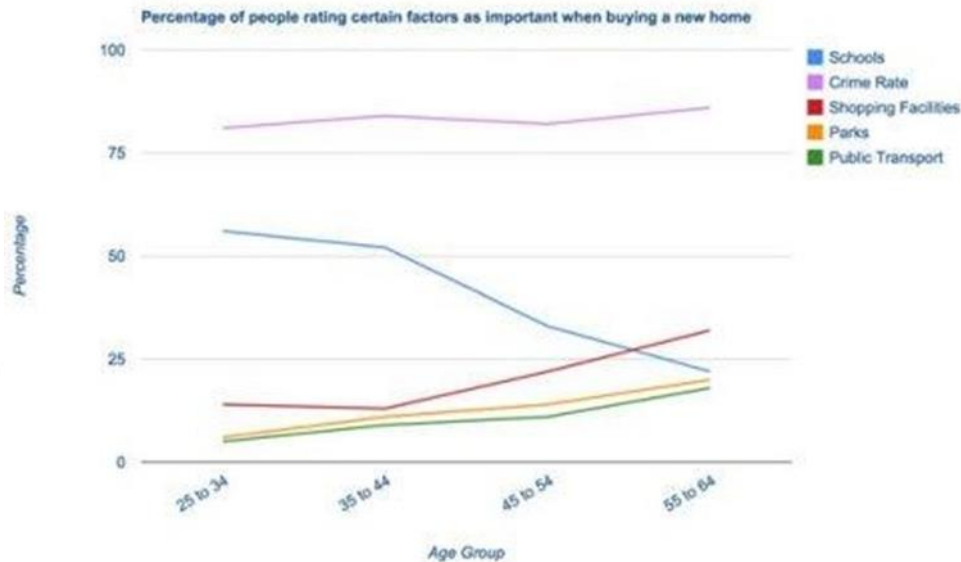

Write at least 150 words.

Consumption of Fast Food by Australian Teenagers

2-The line graph shows the percentage of people of different age groups and how they rate a set of factors in terms of importance when buying a new home.
Summarize the information by selecting and reporting the main features and make comparisons where relevant.
Write at least 150 words.

Percentage of people rating certain factors as important when buying a new home

3-The graph below shows four countries of residence of overseas students in Australia. Summarise the information by selecting and reporting the main features, and make comparisons where relevant.
Write at least 150 words.

SELECTED COUNTRIES OF RESIDENCE OF VISITOR ARRIVALS FOR EDUCATION

4- The line graph shows thefts per thousand vehicles in four countries between 1990 and 1999.
Summarize the information by selecting and reporting the main features and make comparisons where relevant.
Write at least 150 words.

Comparison of car theft

5- The chart below shows the amount of money per week spent on fast foods in Britain. The graph shows the trends in consumption of fast foods.
Write a report for a university lecturer describing the information shown below.
You should write at least **150** words.

Expenditure (Pence per person) on Fast Food, by Income Groups, UK 1990

Consumption of fast food in gram

6- Eating sweet foods produces acid in the mouth, which can cause tooth decay. (High acid levels are measured by low pH values)
Describe the information below and discuss the implications for dental health.
Write at least **150** words.

## Acid level in mouth from consumption of sugar/honey

Time elapsed after eating sugar/honey

7- The graphs below show the numbers of male and female workers in 1975 and 1995 in several employment sectors of the Republic of Freedonia.
Write a report for a university teacher describing the information shown.
You should write at least 150 words.

8- The chart below shows how much money is spent in the budget on different sectors by the UAE government in 2000.
Summarize the information by selecting and reporting the main features, and make comparisons where relevant.

The charts below show the growth in the population in some of the world's largest cities as well as the population distribution in urban and rural areas.

9- Summarize the information by selecting and reporting the main features, and make comparisons where relevant.
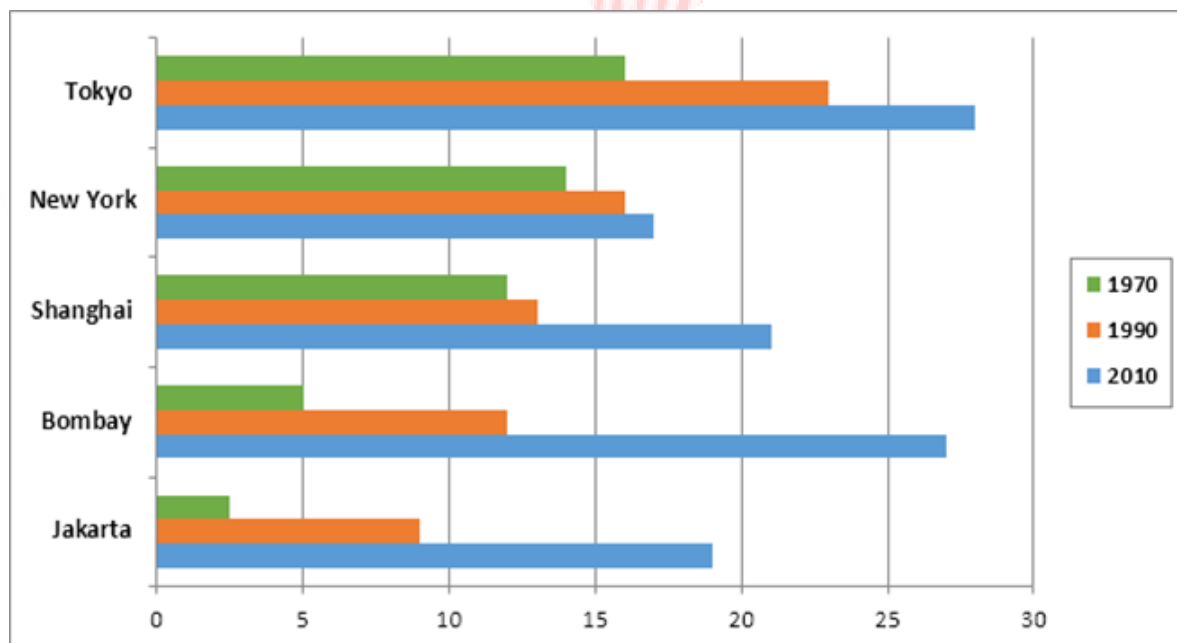

10- The average prices per kilometre of clothing imported into the European Union from six different countries in 1993 and 2003 are shown in the bar chart below.
Summarize the information by selecting and reporting the main features, and make comparisons where relevant.

11- The bar charts below show the number of hours each teacher spent teaching in different schools in four different countries in 2001.
Summarize the information by selecting and reporting the main features, and make comparisons where relevant.

12- The line graphs below show the production and demand for steel in million tonnes and the number of workers employed in the steel industry in the UK in 2010.
Summarize the information by selecting and reporting the main features, and make comparisons where relevant.

Demand for Steel

Number of workers employed

13- The bar charts and line graph below show the results of a survey conducted over a three-year period to discover what people who live in London think of the city.
Summarize the information by selecting and reporting the main features, and make comparisons where relevant.

14- The pie charts below show the online sales for retail sectors in New Zealand in 2003 and 2013. **Summarise the information by selecting and reporting the main features, and make comparisons where relevant.**

15- The number of tourists visiting Malaysia and Dubai from 1995 to 2003 is presented below.

Write a report for a university lecturer describing the information shown in the diagrams below.

16- The bar chart below shows the estimated sales of jeans for two companies next year in Turkey. The pie chart shows the projected market share of the two companies in jeans at the end of next year.

Summarise the information by selecting and reporting the main features and make comparisons where relevant.
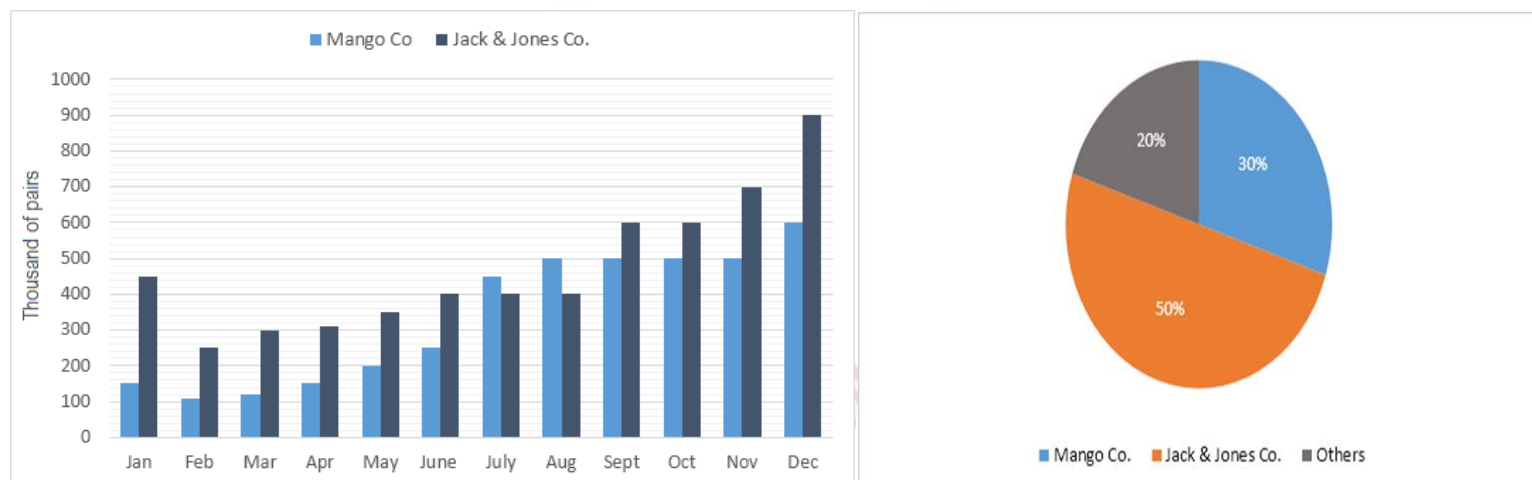

17- The graph shows the impact of vaccinations on the incidence of whooping cough, a childhood illness, between 1940 and 1990 in Britain.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Data source: Public Health England, Pertussis notifications and deaths, England and Wales, 1940-2013 (http://webarchive.nationalarchives.gov.uk/20140505192926/http://www.hpa.org.uk/webc/HPAwebFil e/HPAweb_C/1317133571994)

18- The graph below shows how elderly people in the United States spent their free time between 1980 and 2010.
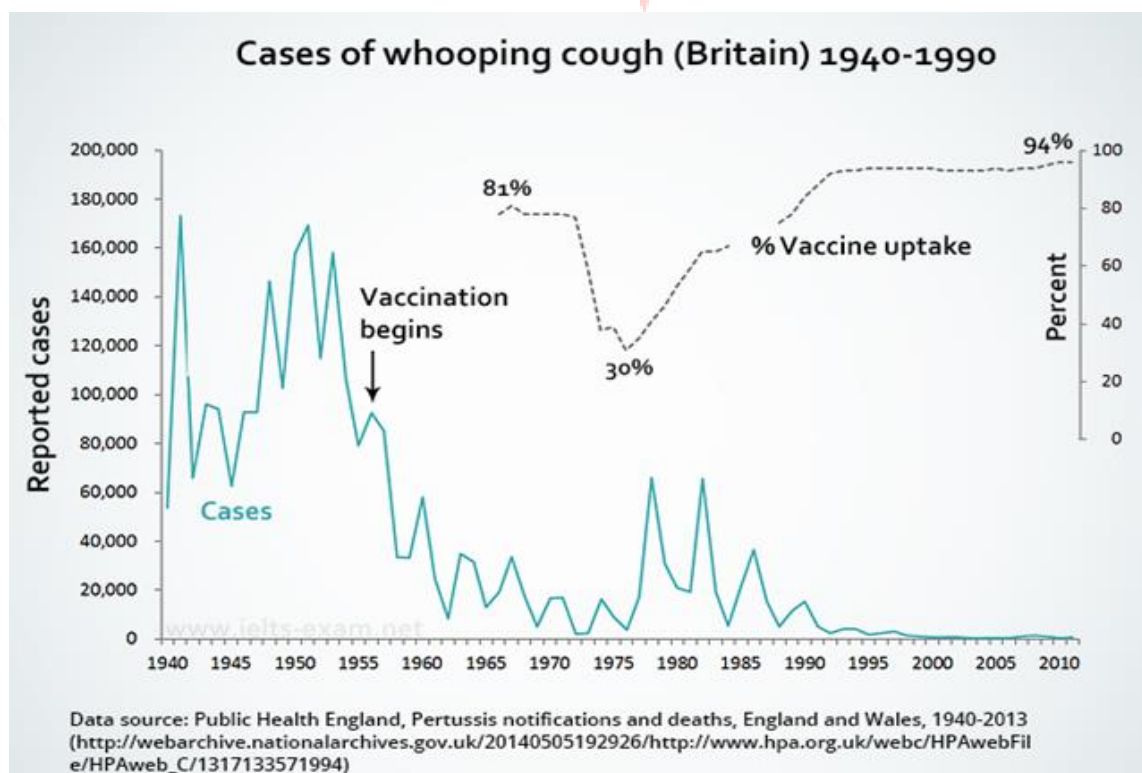

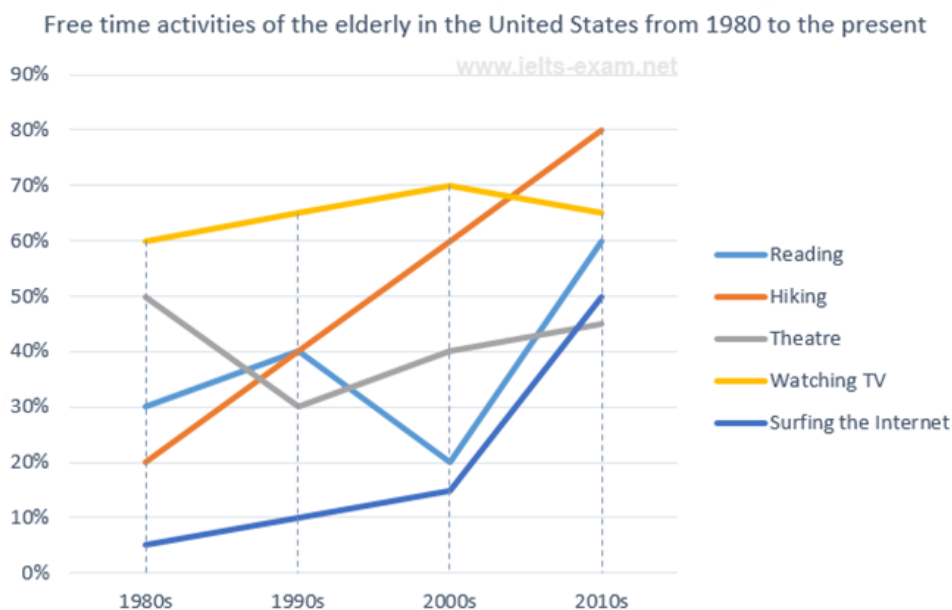

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Free time activities of the elderly in the United States from 1980 to the present

- Reading
- Hiking
- Theatre
- Watching TV
- Surfing the Internet

1980s 1990s 2000s 2010s

19- The graph below shows population figures for India and China since the year 2000 and predicted population growth up until 2050.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Population in India and China, 2000 - 2050

22- The line graph below shows the percentage of tourists to England who visited four different attractions in Brighton.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Percentage of tourists to England who visited Brighton attractions
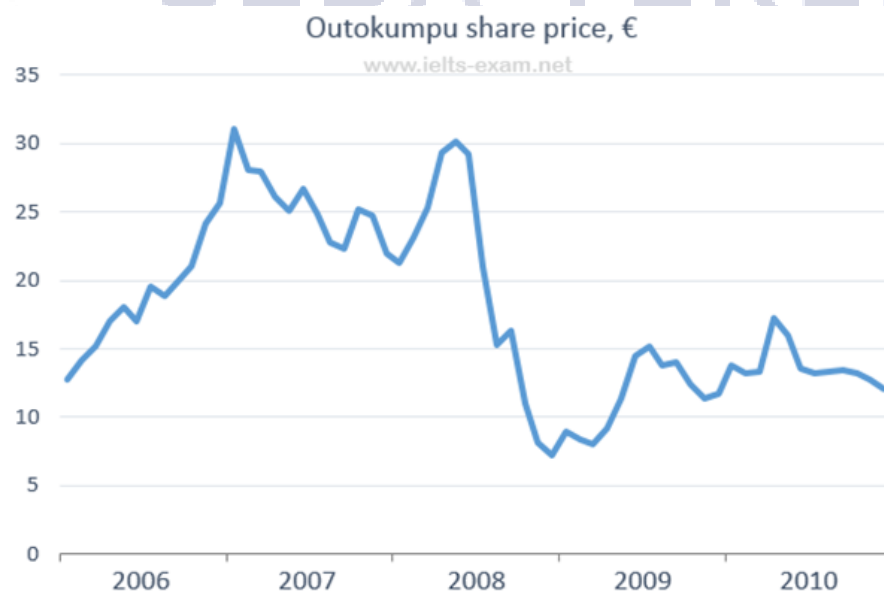

23- The line graph below shows the changes in the share price of Outokumpu companies in euros between January 2006 and December 2010.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.
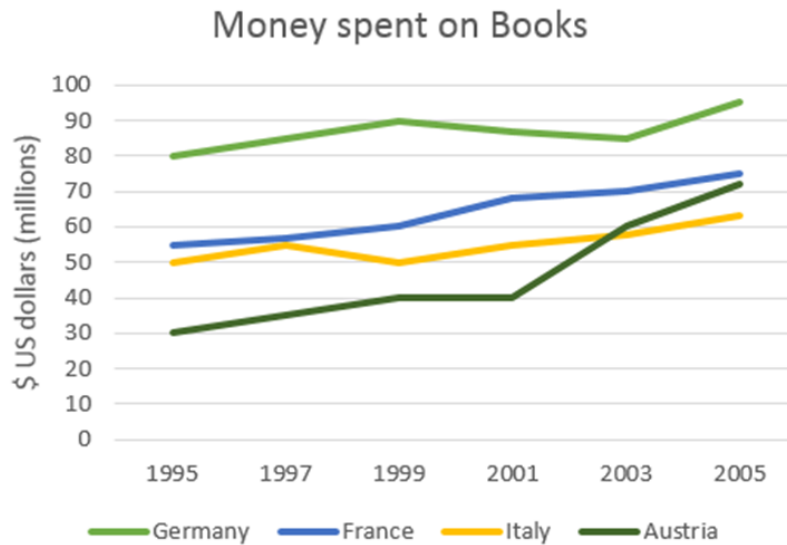

Write at least 150 words.

Outokumpu share price, €

24- The graph below shows the amount of money spent on books in Germany, France, Italy and Austria between 1995 and 2005.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Money spent on Books

25- The graph below shows the population change between 1940 and 2000 in three different counties in the U.S. state of Oregon.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Population in the state of Oregon by County, 1940-2000 (in thousands)

26- The graph below shows the changes in food consumption by Chinese people between 1985 and 2010.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.
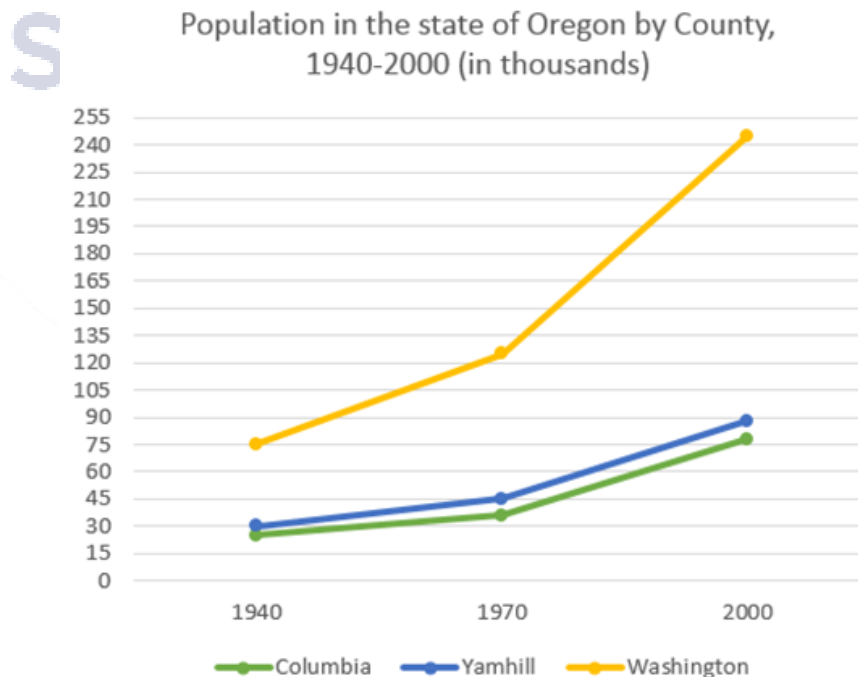

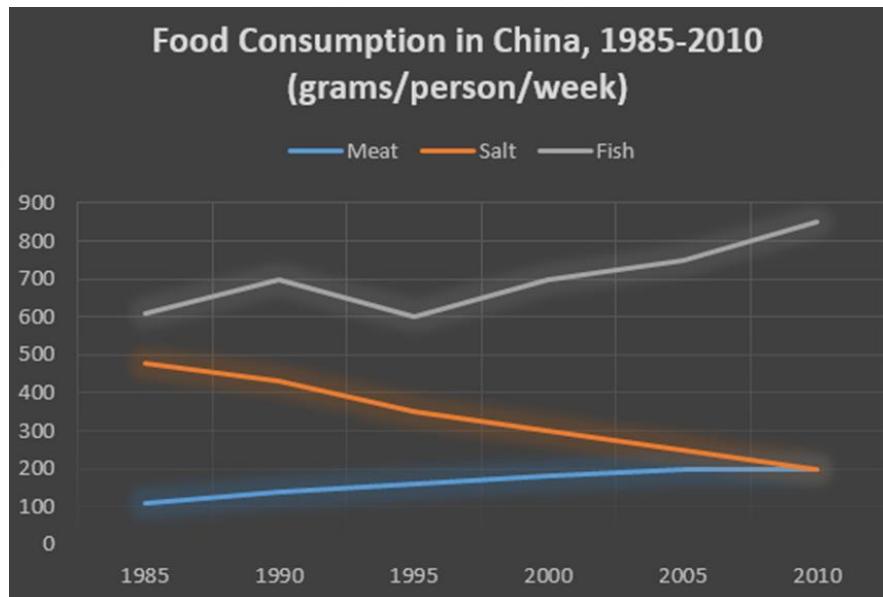

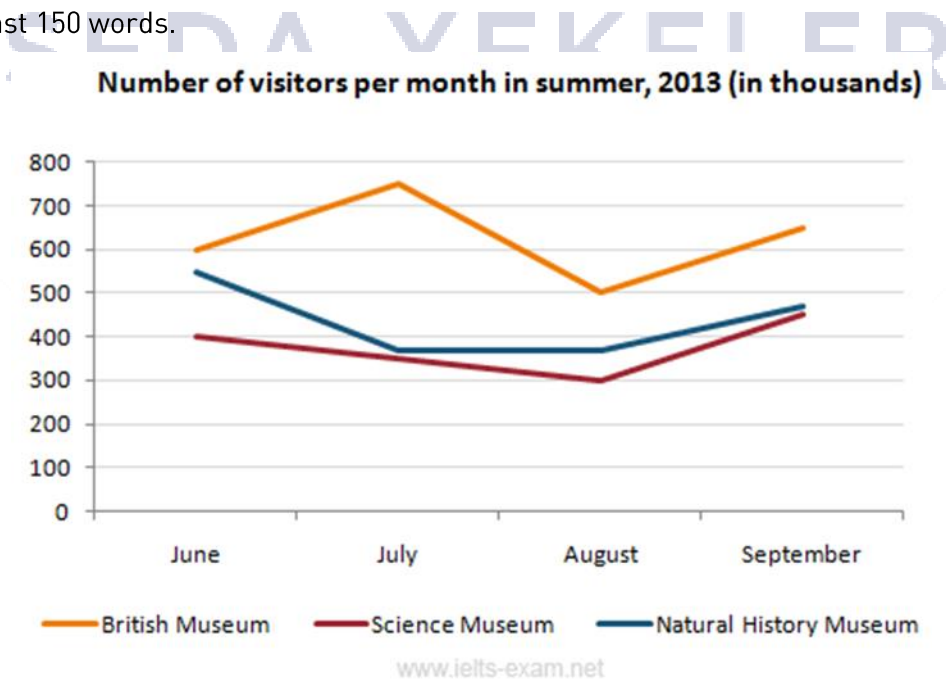

Food Consumption in China, 1985-2010 (grams/person/week)

— Meat — Salt — Fish

	1985	1990	1995	2000	2005	2010

(Line graph with y-axis from 0 to 900)

27- The line graph below gives information about the number of visitors to three London museums between June and September 2013.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Number of visitors per month in summer, 2013 (in thousands)

(Line graph with y-axis from 0 to 800; x-axis June, July, August, September)

— British Museum — Science Museum — Natural History Museum

www.ielts-exam.net

28- The graphs below provide information on global population figures and figures for urban populations in different world regions.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.
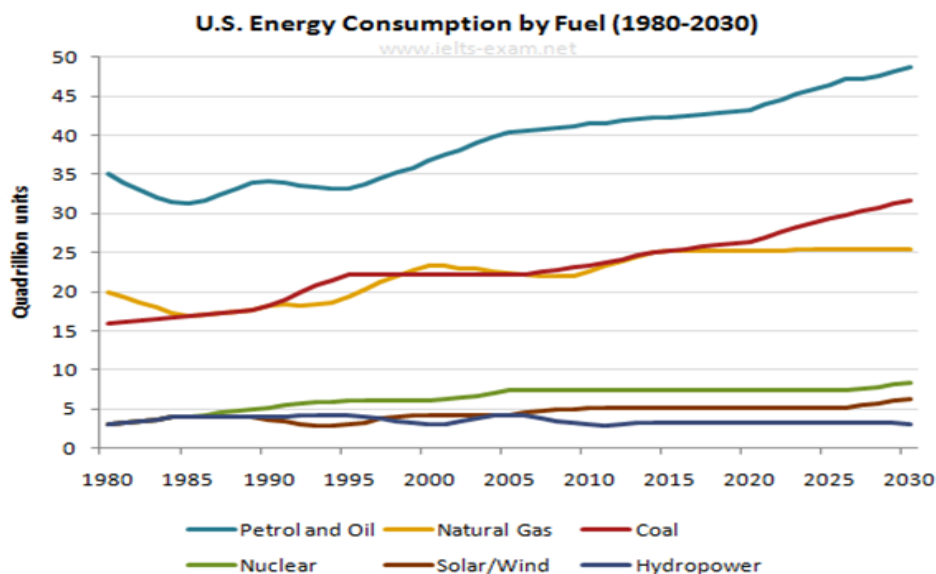

Write at least 150 words.
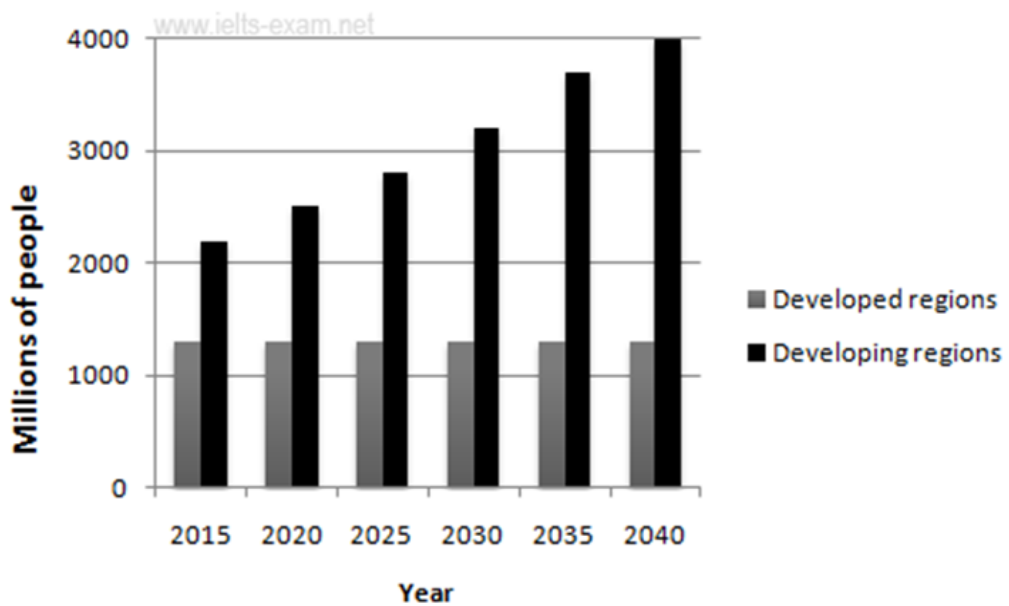

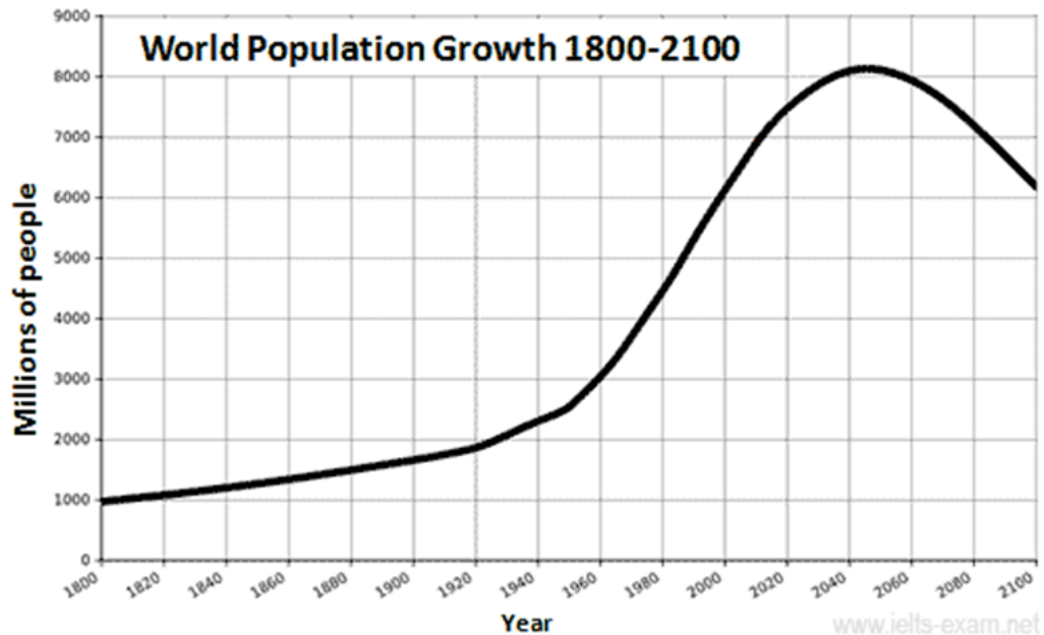

29- The graph below gives information from Annual Energy Outlook 2008 about consumption of energy in the USA since 1980 with projection until 2030.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

U.S. Energy Consumption by Fuel (1980-2030)

www.ielts-exam.net

Petrol and Oil — Natural Gas — Coal
Nuclear — Solar/Wind — Hydropower

30- The graph below shows the population figures of different types of turtles in India between 1980 and 2012.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.
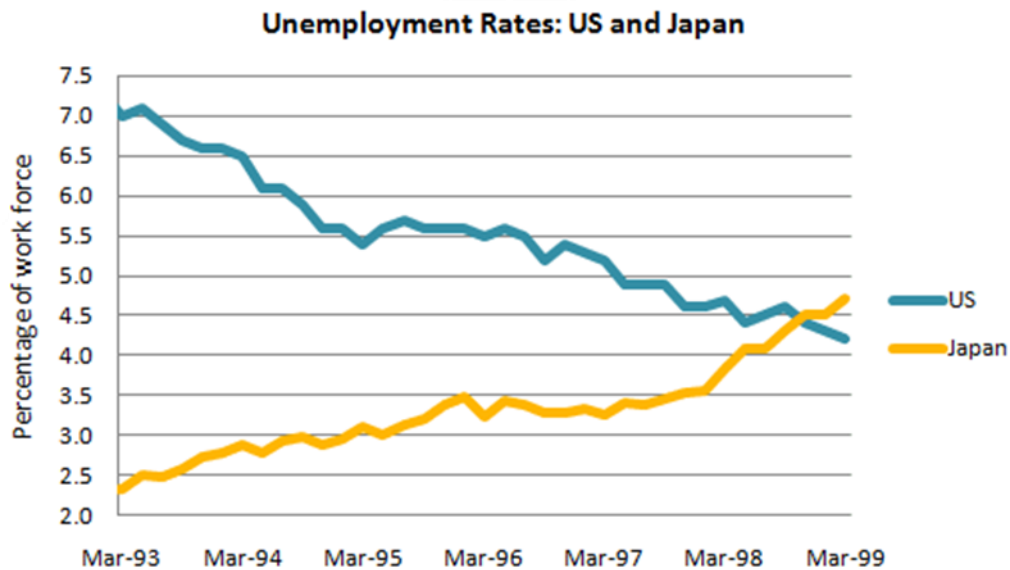

Write at least 150 words.

Population of turtles in India: 1980-2012

— Leatherback Turtles (19)
— Green Turtles (38)
— All species (111)
— Olive Ridley Turtles (20)

31- The graph below shows the unemployment rates in the US and Japan between March 1993 and March 1999.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.
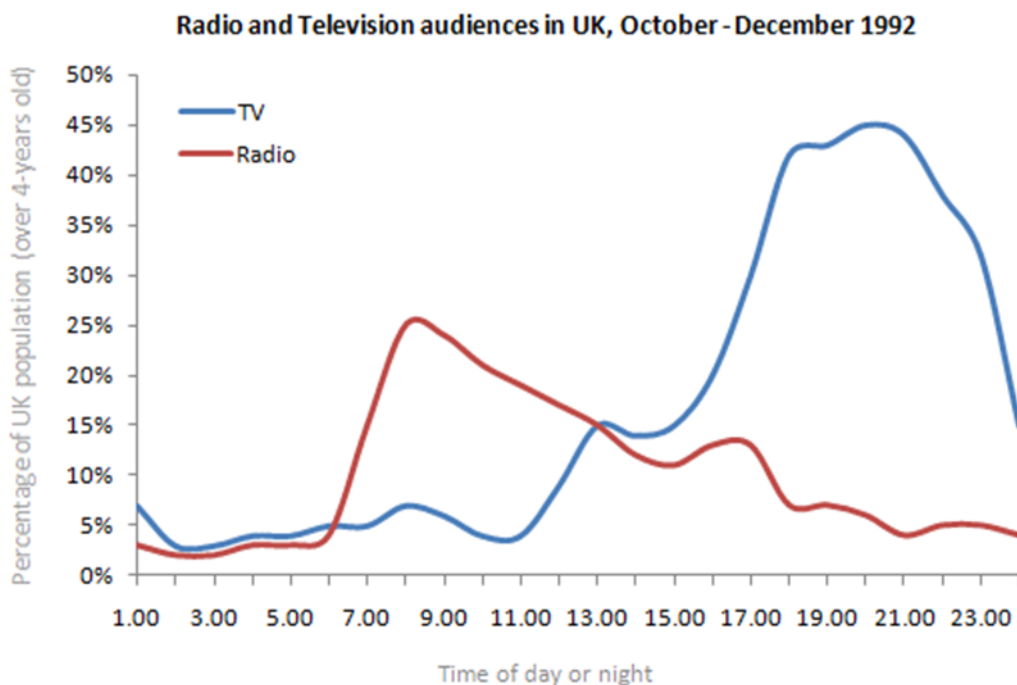

Write at least 150 words.

Unemployment Rates: US and Japan

32- The graph below shows radio and television audiences throughout the day in 1992.

Write a report for a university lecturer describing the information shown below.
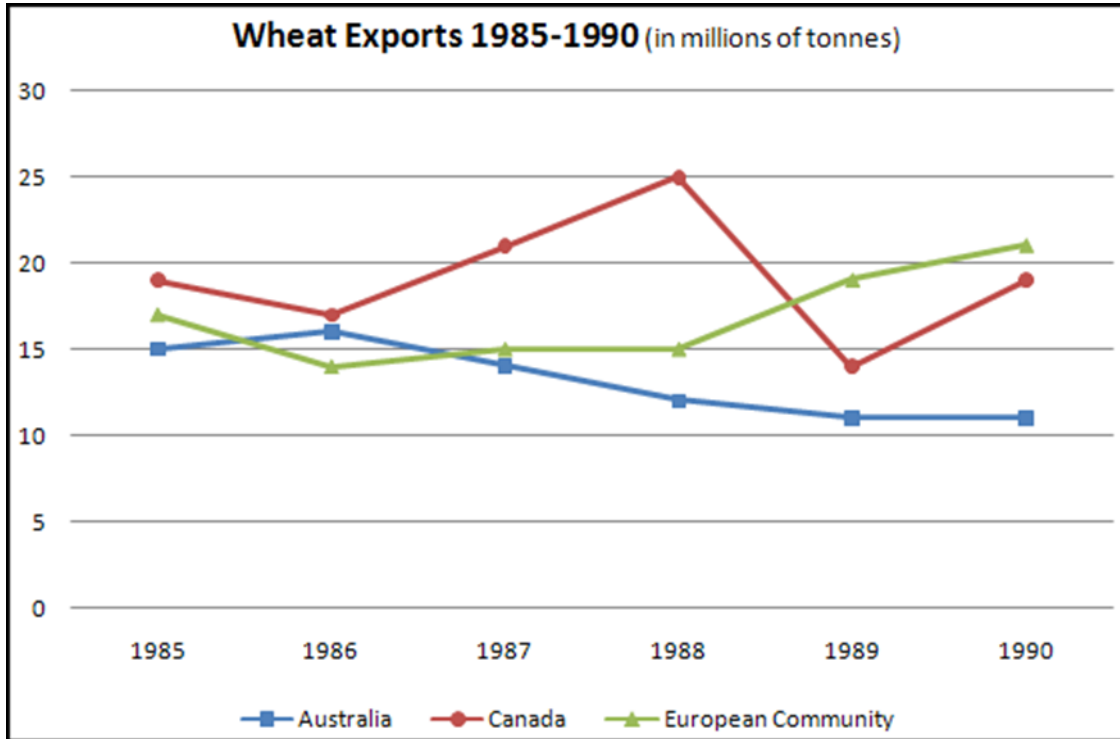

Write at least 150 words.

Radio and Television audiences in UK, October - December 1992

33- The graph below shows the differences in wheat exports over three different areas.

Write a report for a university lecturer describing the information shown below.

Write at least 150 words.

Wheat Exports 1985-1990 (in millions of tonnes)

Legend: Australia — Canada — European Community

34- The graph below compares the number of visits to two new music sites on the web.

Write a report for a university lecturer describing the information shown below.

You should write at least 150 words.

Visits to two new music sites on the web

Days

Legend: Music Choice — Pop Parade

35- The line graph below shows the number of annual visits to Australia by overseas residents. The table below gives information on the country of origin where the visitors came from.

Write a report for a university lecturer describing the information given.

Write at least 150 words.

visits to Australia by overseas residents
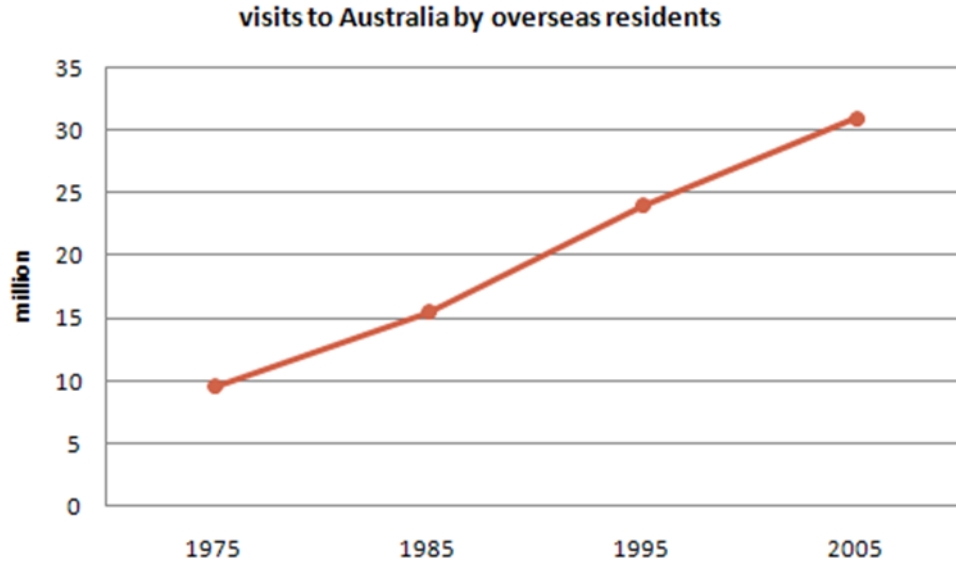

NUMBER OF VISITORS (million)		
	1975	2005
SOUTH KOREA	2.9	9.1
JAPAN	3.2	12.0
CHINA	0.3	0.8
USA	0.4	1.1
BRITAIN	0.9	2.9
EUROPE	1.1	4.5
Total:	8.8	30.4

36- The line graph below gives information on cinema attendance in the UK.
Write a report for a university lecturer describing the information given.

You should write at least 150 words.

Cinema attendance in the UK

37- The charts below show the number of Japanese tourists travelling abroad between 1985 and 1995 and Australias share of the Japanese tourist market.
Write a report for a university lecturer describing the information shown below.

- You should write at least 150 words.

- You should spend about 20 minutes on this task.

38- The chart below shows the amount of money per week spent on fast foods in Britain. The graph shows the trends in consumption of fast foods.
Write a report for a university lecturer describing the information shown below.

- You should write at least 150 words.

- You should spend about 20 minutes on this task.

Expenditure on Fast Foods by Income Groups, UK 1990

39- Write a report for a university lecturer describing the information below.

- You should write at least 150 words.

- You should spend about 20 minutes on this task.

Expenditure on Health & Education, UAE as % of GDP

Infant Mortality and Life Expectancy, 1970 - 1992

40- Eating sweet foods produces acid in the mouth, which can cause tooth decay. (High acid levels are measured by low pH values)

Describe the information below and discuss the implications for dental health.

You should write at least 150 words.

Acid level in mouth from consumption of sugars/honey

Time elapsed after eating sugar/honey
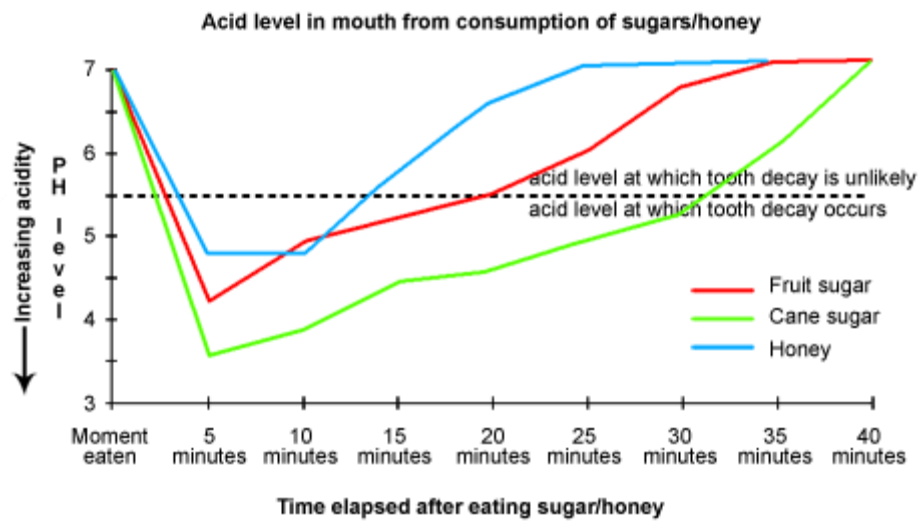

41- The chart and graph below give information about sales and share prices for Coca-Cola.
Write a report for a university lecturer describing the information shown below.

- You should write at least 150 words.

- You should spend about 20 minutes on this task.

42- The chart below gives information about global sales of games software, CDs and DVD or video.
Write a report for a university lecturer describing the information.
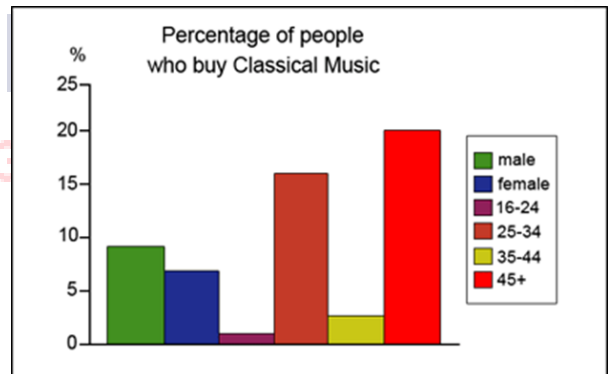

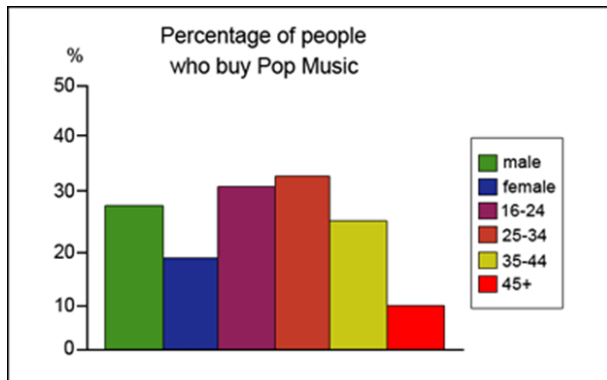

- You should write at least 150 words.

- You should spend about 20 minutes on this task.

43- The graphs below show the types of music albums purchased by people in Britain according to sex and age.
Write a report for a university lecturer describing the information shown below.
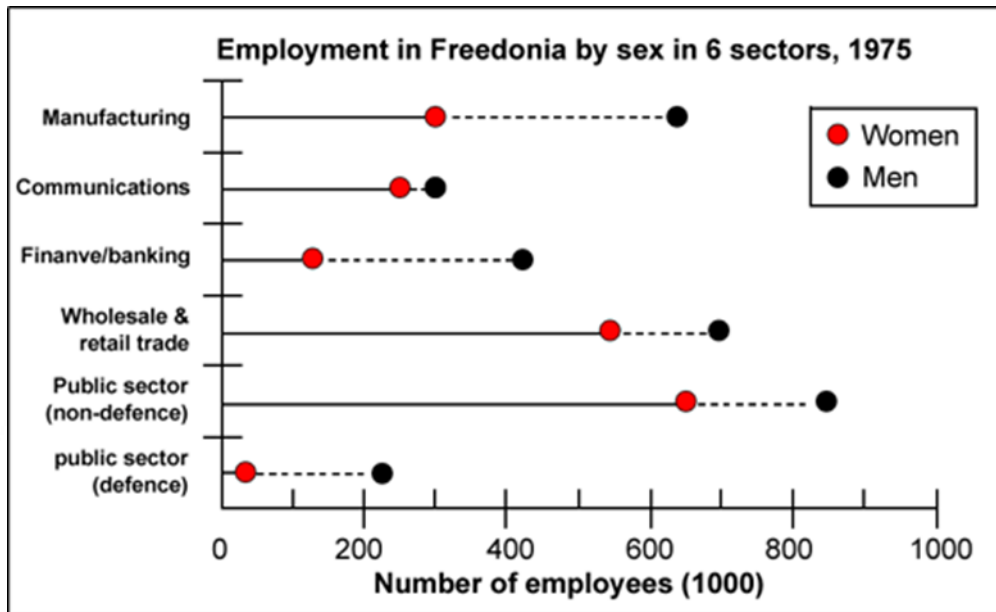

- You should write at least 150 words.

- You should spend about 20 minutes on this task.

44-The graphs below show the numbers of male and female workers in 1975 and 1995 in several employment sectors of the republic of Freedonia.

Write a report for a university teacher describing the information shown.

You should write at least 150 words

Employment in Freedonia by sex in 6 sectors, 1975

Legend: ● Women (red) ● Men (black)

45- The chart below shows the figures for imprisonment in five countries between 1930 and 1980.
Write a report for a university, lecturer describing the information shown below.

You should write at least 150 words.

46- The chart below shows the employment rates across 6 countries in 1995 and 2005. Summarize the information by choosing and describe the main idea, and make comparisons where appropriate.
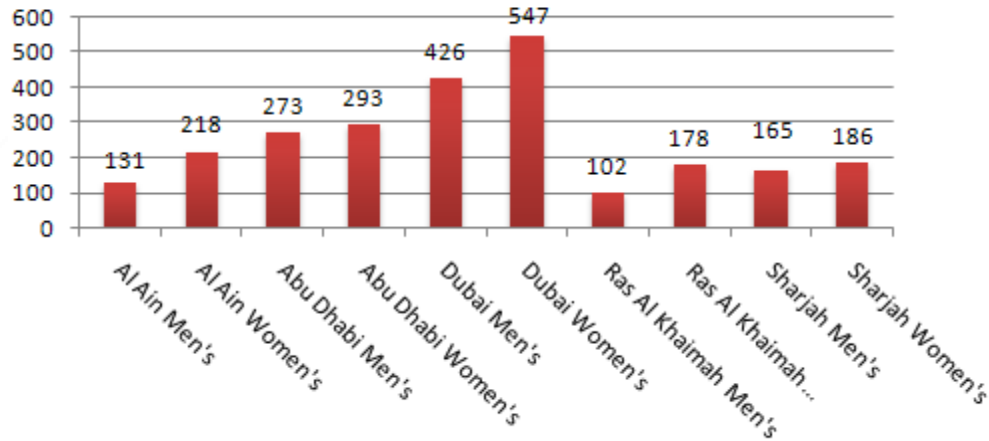

You should write at least 150 words.

47- Write a report for a university lecturer describing the information below.

- You should write at least 150 words.
- You should spend about 20 minutes on this task.

HCT Graduates by College

48- The charts below show the main reasons for study among students of different age groups and the amount of support they received from employers.
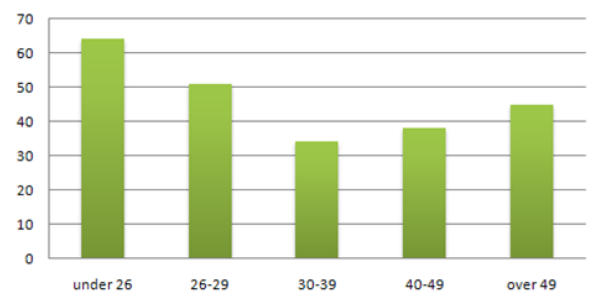

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

- You should write at least 150 words.
- You should spend about 20 minutes on this task.
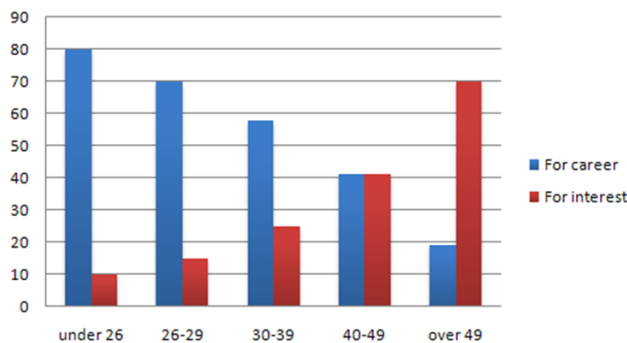

49- The chart below shows the amount spent on six consumer goods in four European countries.
Write a report for a university lecturer describing the information shown below.

- You should write at least 150 words.

- You should spend about 20 minutes on this task.
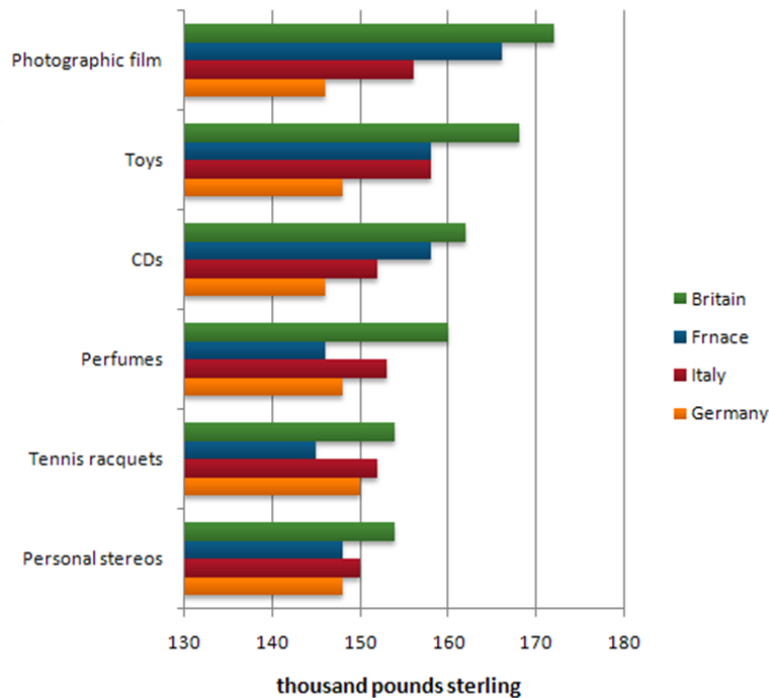

50- The graph below shows the different modes of transport used to travel to and from work in one European city in 1960, 1980 and 2000.

Write a report for a university lecturer describing the information below.

- You should write at least 150 words.

- You should spend about 20 minutes on this task.

51- Write a report describing the information in the graph below.
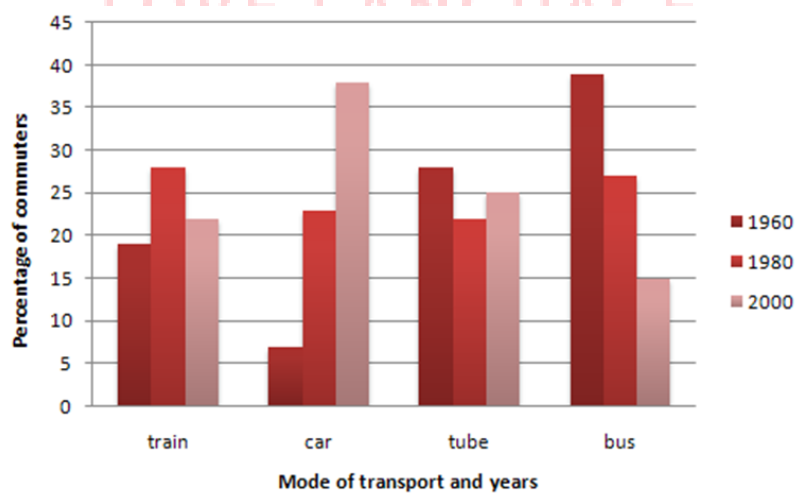

- You should write at least 150 words.

- You should spend about 20 minutes on this task.

Computers and Internet in the Arab World

■ Computers per 1000 inhabitants   ■ Internet per 1000 inhabitants

52- The chart below shows the amount of leisure time enjoyed by men and women of different employment status.
Write a report for a university lecturer describing the information shown below.

- You should write at least 150 words.

- Allow yourself 20 minutes for this task.

Leisure time in a typical week: by sex and employment status, 1998 - 99
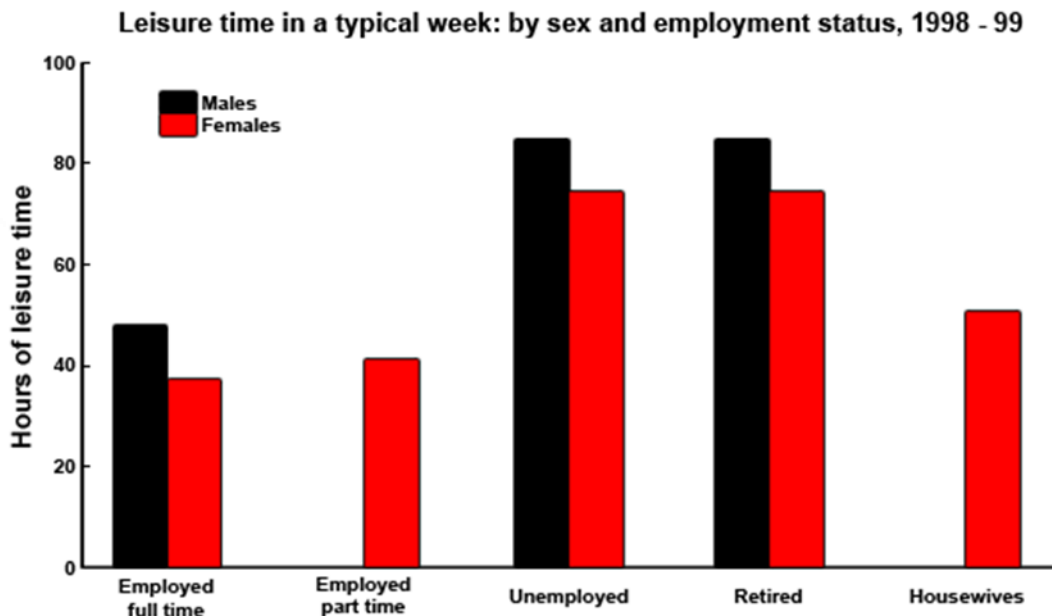

53- The chart below shows the number of men and women in further education in Britain in three periods and whether they were studying fulltime or part-time.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.
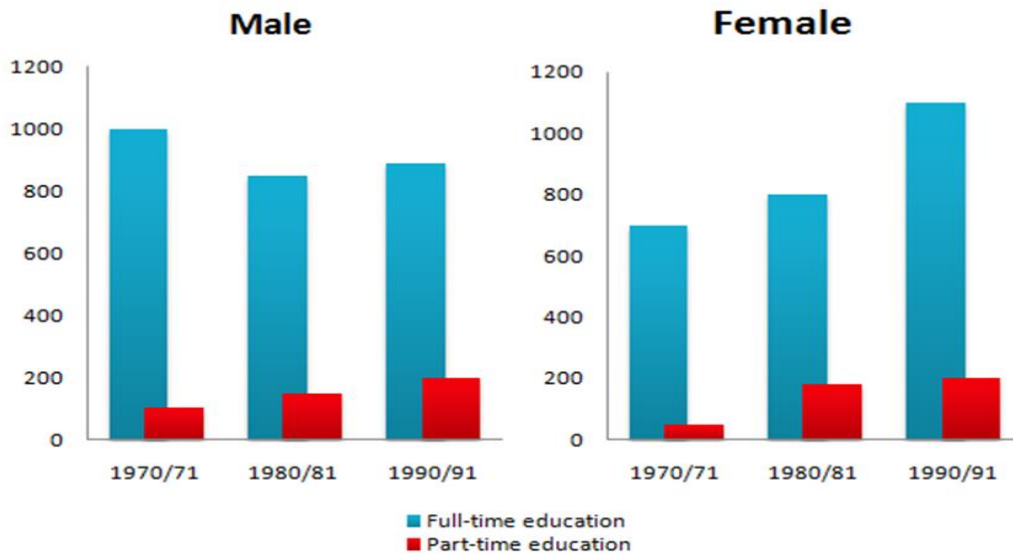

54- The chart below shows the proportions of the world's oil resources held in different areas, together with the proportions consumed annually in the same areas.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.
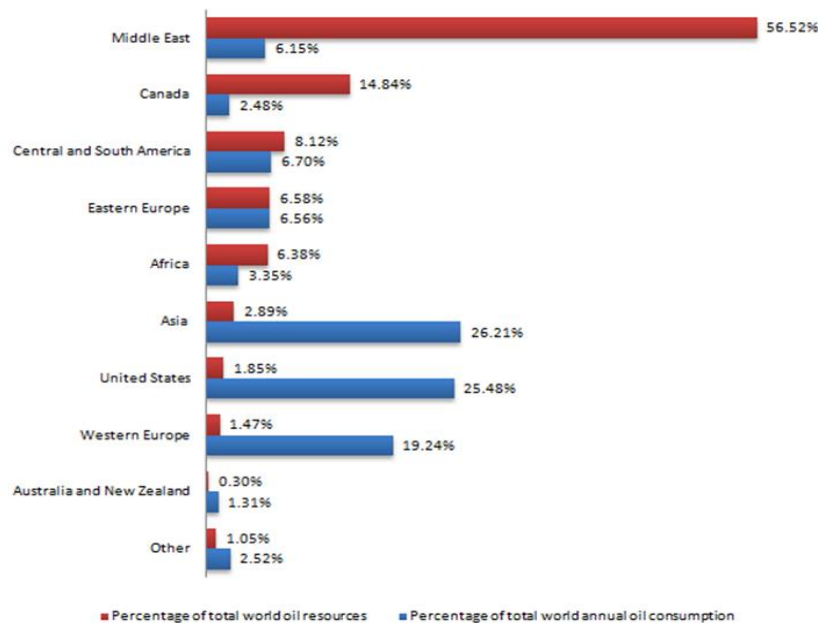

55- The chart shows the division of household tasks by gender in Great Britain.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Division of household tasks: by gender, Great Britain

	Cooking baking, washing up	Cleaning, house tidying	Gardening, pet care	Care of own children and play	Maintenance odd jobs	Clothes, washing, ironing, sewing
males	30	13	49.5	20	26	2
females	74	58	21	45	9.5	25

56- *The chart shows student expenditure over a three-year period in the United Kingdom.*

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Student expenditure (aged under 26 in higher education) United Kingdom*

57- The graph below gives information about the preferred leisure activities of Australian children.

Write a report for a university lecturer describing the information shown.

Write at least 150 words.

## What those kids are doing

Participation in selected leisure activities

■ Girls age 5-14   ■ Boys age 5-14   Per cent

58- The bar chart below shows the results of a survey conducted by a personnel department at a major company. The survey was carried out on two groups of workers: those aged from 18-30 and those aged 45-60, and shows factors affecting their work performance.

Write a report for a university lecturer describing the information shown below.

You should write at least 150 words.

Factors affecting work performance

■ 18-30   ■ 45-60
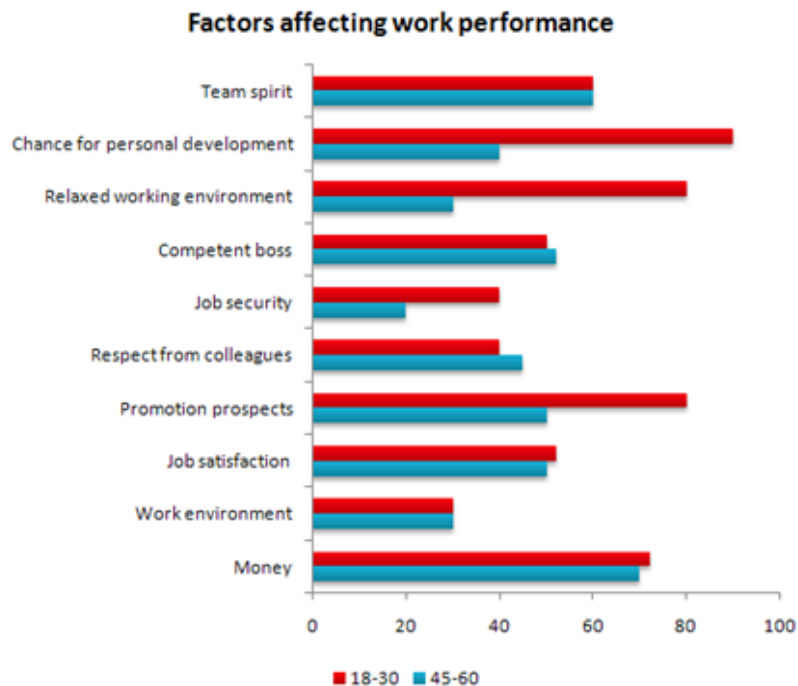

59- The chart below shows estimated world literacy rates by region and by gender for the year 2000.

Write a report for a university lecturer describing the information below.

You should write at least 150 words.

Estimated world illiteracy rates, by region and by gender, 2000
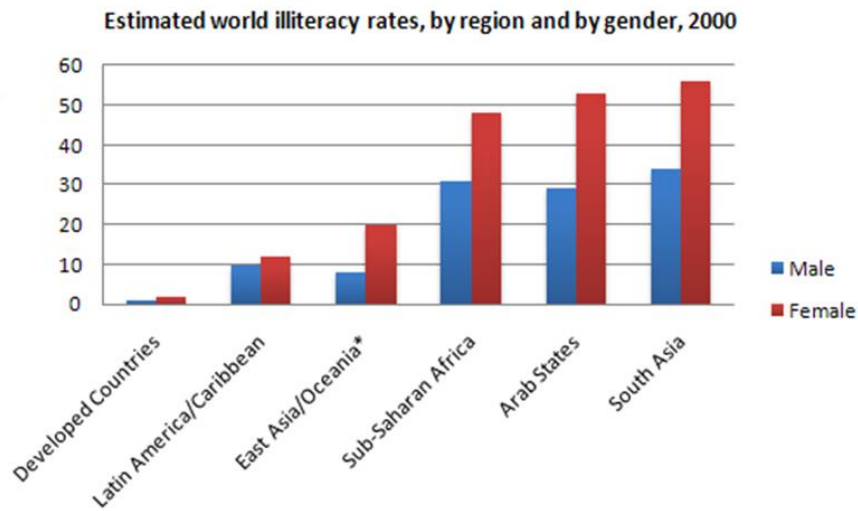

60- The chart shows the number of mobile phones and landlines per 100 people in selected countries.
Write a report for a university lecturer describing the information given.

You should write at least 150 words.

**Mobile Phones and Land Lines, per 100 people**
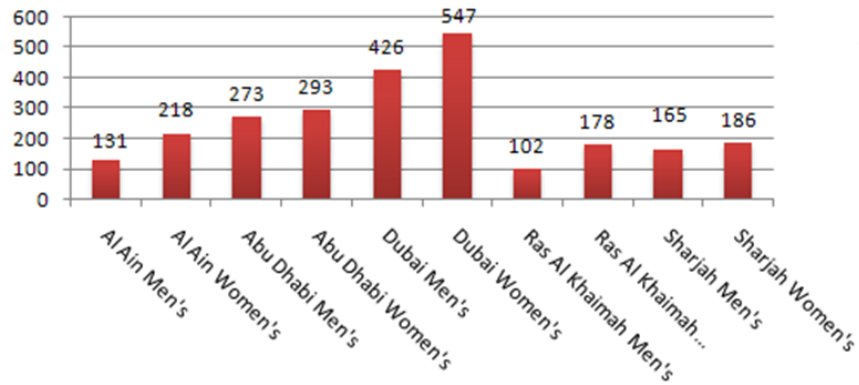

61- The graphs show enrolment in different colleges in the Higher Colleges of Technology in 1999.
Write a total of 150 – 200 words about the information in the three graphs.
Write a report for a university lecturer describing the information given.

You should write at least 150 words.

HCT Graduates by College

Graduates by Level and Gender

Total Graduates by Level
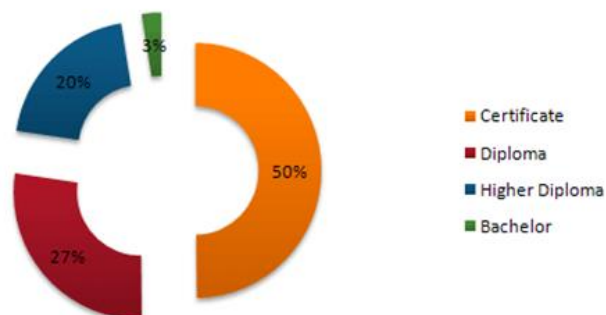

62- The chart below shows the percentage of male and female teachers in six different types of educational setting in the UK in 2010.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.
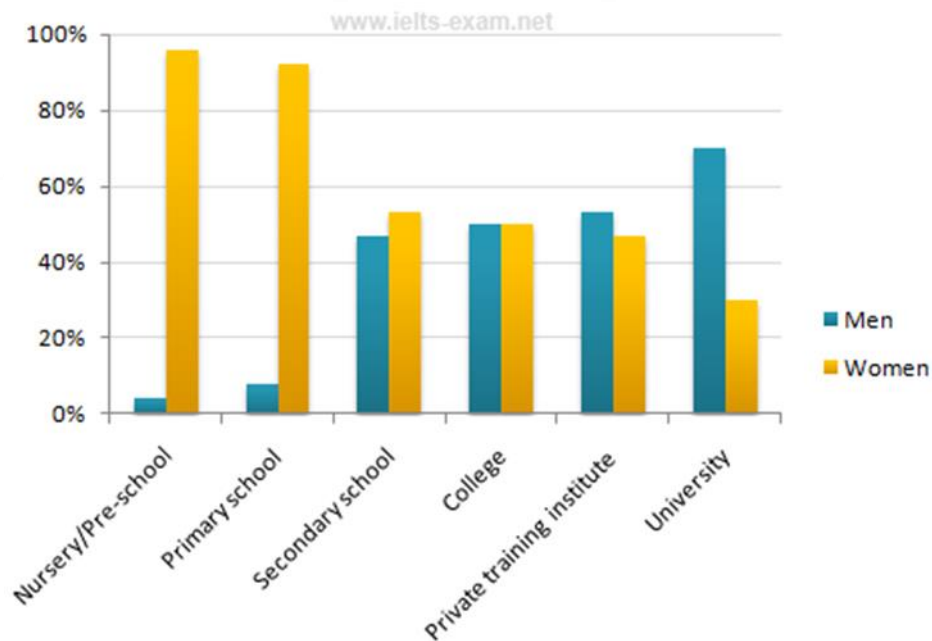

63- The bar chart below gives information about the number of students studying Computer Science at a UK university between 2010 and 2012.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Home and International students, 2010-2012

64- The chart below shows the total number of minutes (in millions) of telephone calls in Finland, divided into three categories, from 1995 – 2004.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Finland's telephone calls, by category, 1995 - 2004

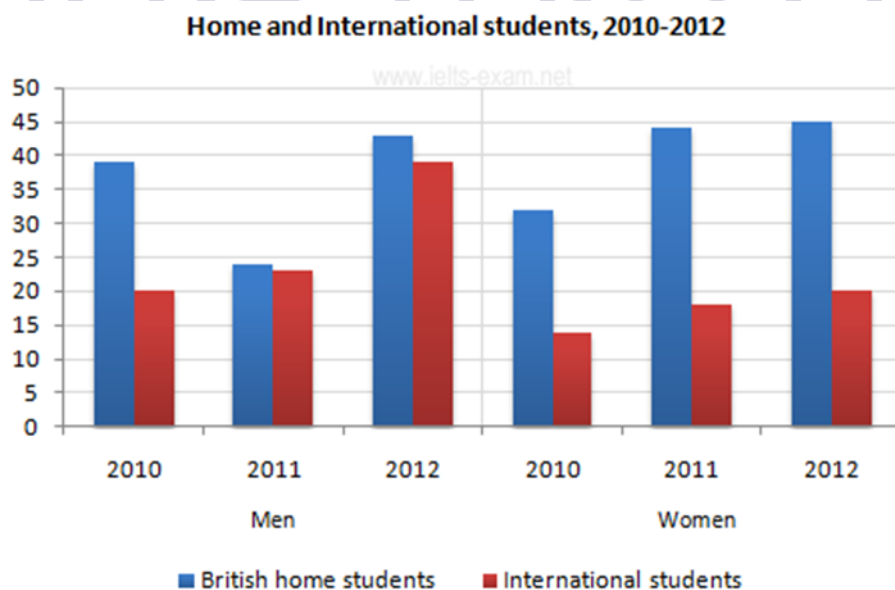

- Local - landline
- National and international - landline
- Mobiles

65- The graph below shows the changes in maximum number of Asian elephants between 1994 and 2007.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Estimated maximum population of Asian elephants

- 1997
- 2004
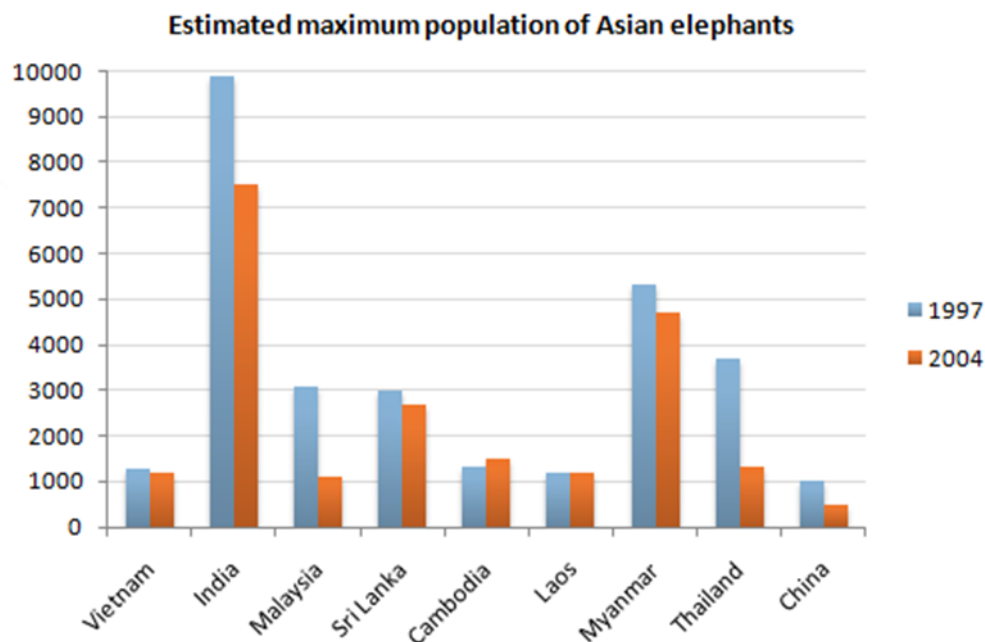

66- The chart below shows the GDP growth per year for three countries between 2007 and 2010.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

GDP growth (annual %)

67- The chart below shows the percentage of total US population aged 65 and over between 1900 and 2000.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Percent of Total Population Age 65 and Over: 1900 to 2000

Source: U.S. Census Bureau, decennial census of population, 1900 to 2000.

68- The chart below shows male and female fitness membership between 1970 and 2000.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.
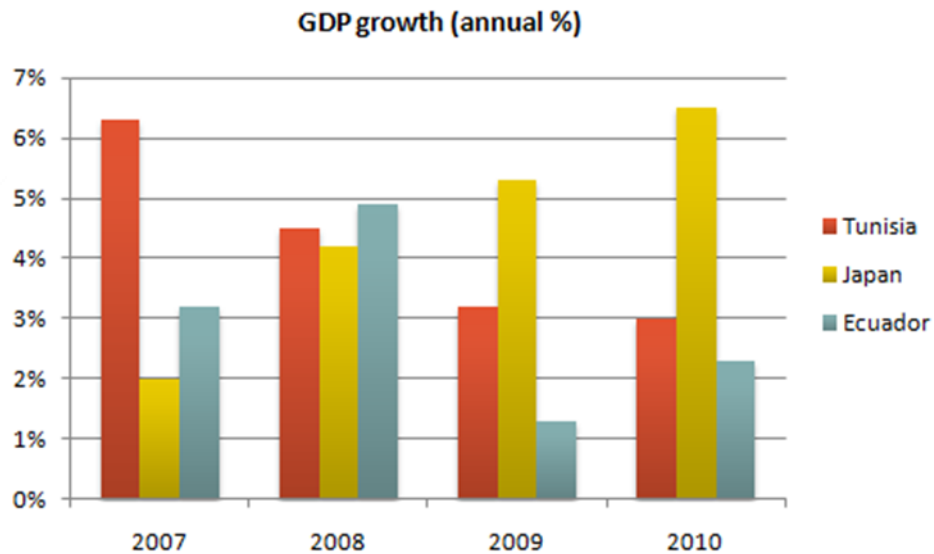

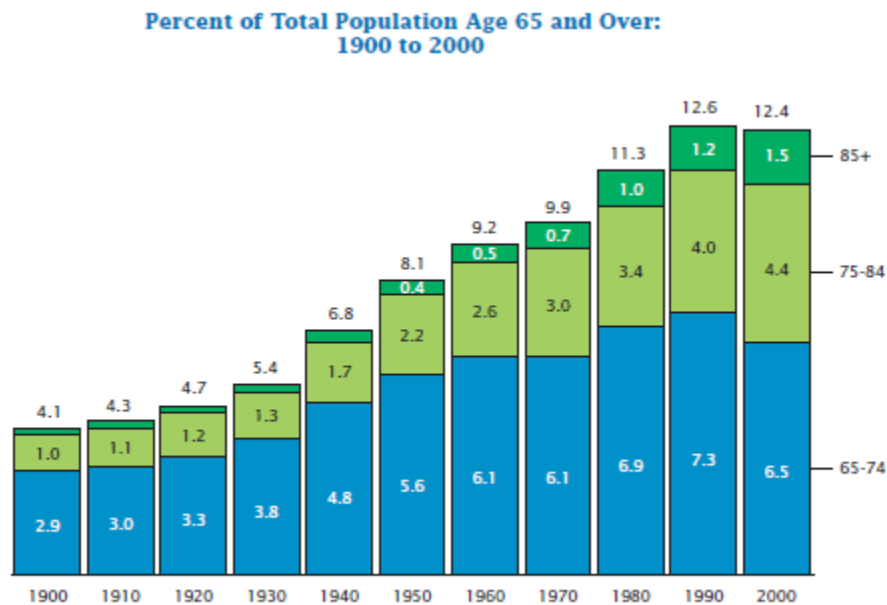

Fitness Membership
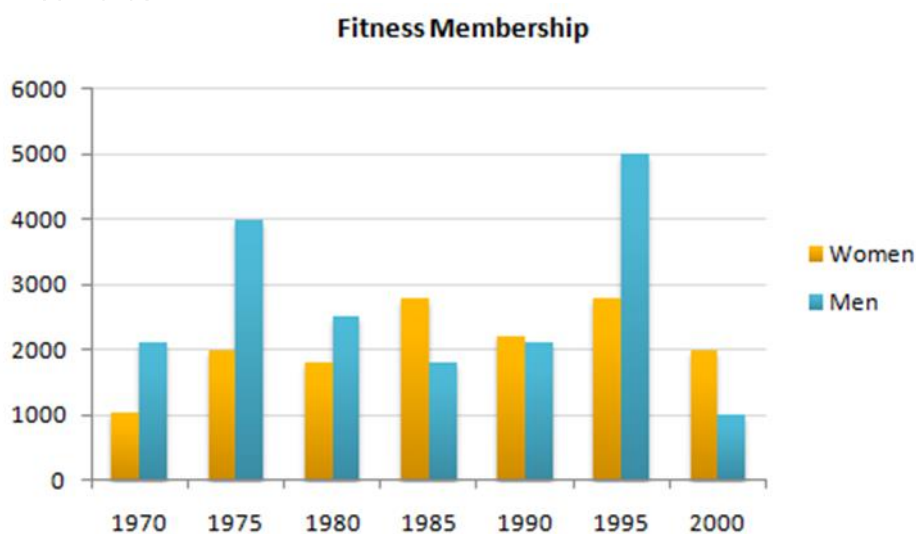

69- The bar chart below shows the percentage of students who passed their high school competency exams, by subject and gender, during the period 2010-2011.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Students passing high school competency exams, by subject and gender, 2010-2011
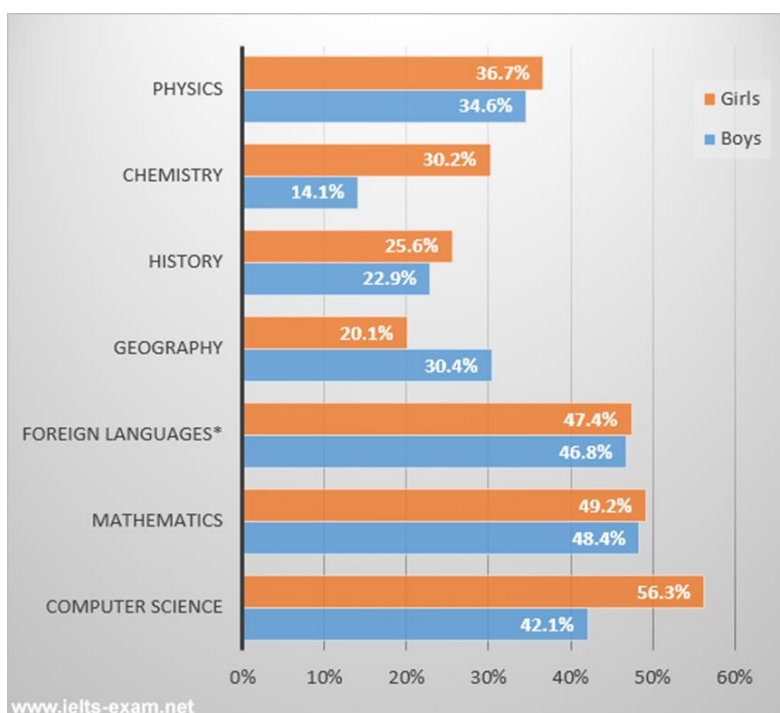

70- The chart below shows the number of travellers using three major airports in New York City between 1995 and 2000.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Airport visitors, 1995-2000 (millions of passengers per year)

www.ielts-exam.net

Legend: ■ John F. Kennedy ■ LaGuardia ■ Newark

71- The graph below shows female unemployment rates in each country of the United Kingdom in 2013 and 2014.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Female unemployment rates in the four countries of the UK

www.ielts-exam.net

	England	Wales	Scotland	Northern Ireland
2013	6.8%	5.4%	6.1%	5.6%
2014	6.5%	5.0%	6.7%	4.6%

Legend: ■ 2013 ■ 2014

72- The charts give information about two genres of TV programmes watched by men and women and four different age groups in Australia.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

## Percentage who watch reality shows

Percentage who watch game shows

73- The bar chart below shows shares of expenditures for five major categories in the United States, Canada, the United Kingdom, and Japan in the year 2009.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.
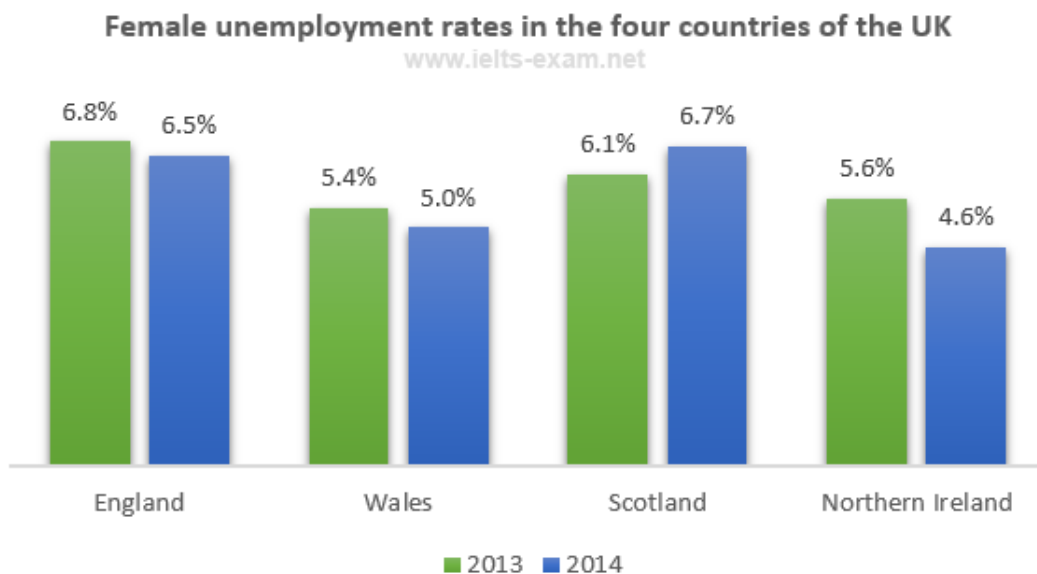

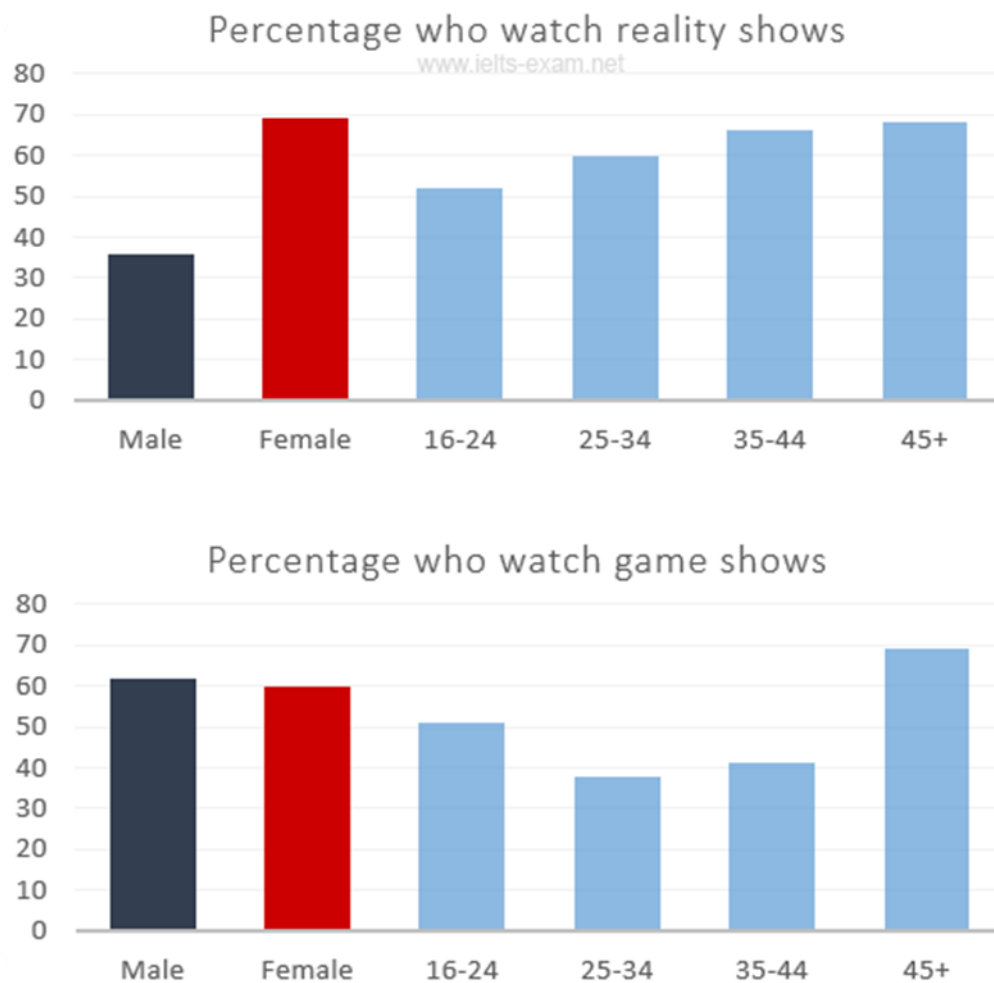

Shares of expenditures for selected categories, United States, Canada, United Kingdom, and Japan, 2009

74- The chart below shows the percentage change in the share of international students among university graduates in different Canadian provinces between 2001 and 2006.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

International graduates, Canadian universities, 2001 and 2006

75- The bar chart below gives information about the percentage of the population living in urban areas in the world and in different continents.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Write at least 150 words.

Percentage of population in urban areas

www.ielts-exam.net

	World	Africa	Asia	Europe	Latin America Caribbean	North America
1950	29	15	17	51	42	64
